

City of Brisbane

Agenda Report

TO: Honorable Mayor and City Council

FROM: Director of Public Works/City Engineer via City Manager

SUBJECT: Term Sheet with Oakdale Irrigation District for Water Transfer

DATE: October 15, 2012

This staff report forwards the identical information provided to Council for their regularly scheduled meeting of October 1, 2012. At that meeting, Council did hear a brief staff report and take public testimony, but tabled action on this item to a date when all Councilmembers would be present for voting.

The only new information on this matter is that on October 2, the Oakdale Irrigation District did approve the Term Sheet (revised 9-25-12) that was included for action in Council's October 1 packet.
