Subject: Community Pool

I'm writing today to express my gratitude for your past support of the community pool. I have lived in Brisbane since 1992 and have appreciated the small town community feel we have. I have been participating in the water aerobics classes with Heidi Levinson for many years now.

I am very grateful that on my retired fixed income, I can still afford to come 3 times per week. At 71 years young, I hope to be able to participate for many years in the future. My arthritis limits my walking, but the pool is welcome relief.

While i am very interested in survival of the community service the pool provides, I also hope that any required increase is kept to a minimum. Our small group of participants are mostly retired and on a fixed income. Our small community thrives on our shared exercise. Please do not price me out.
