Subject: Complete Streets Safety Committee

Dear City Council,

This year my time constraints have changed such that I have missed two CSSC meetings and anticipate missing at least three more.

It is not fair to the Committee, nor the City, for me to hold a position on the Committee but not contribute to its work.

Therefore, I hereby resign from the Complete Streets Safety Commission with immediate effect.

I have enjoyed the years I have spent on the Committee and believe we have improved the street safety in Brisbane.

Of course, there is still much work to be done. The Committee is well filled with dedicated and thoughtful Members and is well supported by an equally dedicated and thoughtful City Staff to accomplish that. I look forward to following their work and bringing items to them to consider.

It is my hope, as my schedule frees up, that I can reapply and rejoin the Committee at some future date.

Sincerely yours,

Patrick Tainter
