

2021 Day in the Park Recap

Sharon (pictured right, holding her #1 fan, Angel) immediately after being presented with the Volunteer of the Year Award at the Day in the Park on October 2, 2021. She's seen with Councilmember Davis, Mayor Cunningham, and friend and fellow Lion, Sue Cochran.

Volunteer of the Year

Each year, the City recognizes a Brisbane resident as its "Volunteer of the Year". After carefully reviewing nominations and letters of recommendation from residents, an ad hoc subcommittee comprised of City Councilmembers and Parks & Recreation Commissioners selects a recipient. The Volunteer of the Year award is bestowed upon a dedicated community member who has demonstrated ongoing commitment to the City of Brisbane. They act with the purpose of community in mind and give selflessly to others.

This year's recipient is known throughout the community for their contributions in many areas and is devoted to personally improving the quality of life for Brisbane residents. This individual is always there with a helping hand, bright smile, and great attitude.

As a true steward of building community here in Brisbane, she has served on the Parks & Recreation Commission, been an active member of the Brisbane Lions Club, and fills a current seat on the Brisbane School Board. It doesn't stop there! For many years, this individual has volunteered her time at countless City-wide events as a DJ extraordinaire. She's front & center as the heart of the DJ dance nights in the park for the concert series, and she's working hard behind the scenes at events like the Festival of Lights to provide audio and visual services. (continued on next page)

As a founding member of the LUNAFEST event subcommittee, she has helped to raise over \$86,000 the past three years for Brisbane women pursuing degrees in male-dominated fields.

This past year, she was instrumental in establishing the Brisbane Covid Response Coalition, or BCRC, to provide services to Brisbane residents and support them through the challenges presented by the pandemic. She set up a website in record time and implemented a system whereby residents could request help and other community members could volunteer to assist. Volunteers were matched with those needing help and services were rendered to ensure that everyone's basic needs within our community were being met.

This year's Volunteer of the Year works tirelessly to make a difference in our community. She is giving of her time, energy, and effort to improve the quality of life for people of all ages and demographics. She is selfless and represents the true spirit of this award. After many years of volunteerism in our community, we take this opportunity to express our gratitude by formally presenting the Volunteer of the Year Award to none other than Sharon Boggs!

Thank you, Sharon. Your unselfish and dedicated service has made a significant difference in our community and contributes to the wonderful quality of life in Brisbane! For a video of Sharon being surprised by her honorary distinction, head to the City's YouTube channel, [youtube.com/brisbaneca](https://www.youtube.com/brisbaneca).

Brisbane Derby

Congratulations to all who competed in the Brisbane Derby, as the cars looked great and had their own sense of style! The kids competed in multiple heats, before the top racers were announced:

6-8 yr. old category:

- 1st - Luke Larson
- 2nd - Jadon Picazo

9-12 yr. old category:

- 1st - Juliet Picazo
- 2nd - Enzo Coriano

Enzo racing against Valentina Picazo

Luke, Jadon, and Juliet donning their winner's trophies

More Race Photos... we can't wait to see your cars race next year!

Marissa Miller

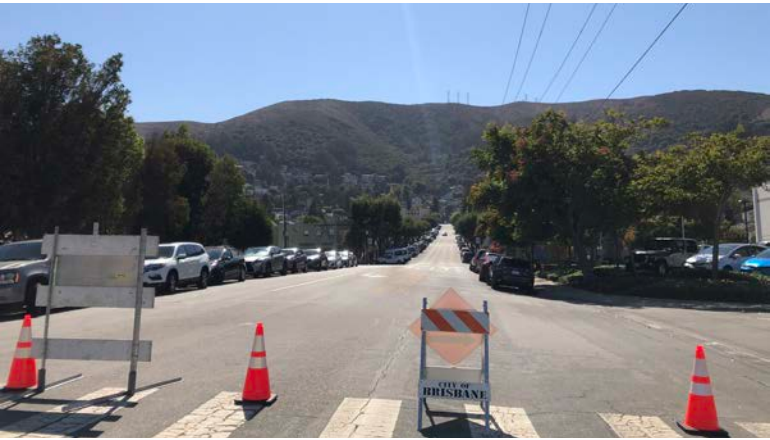

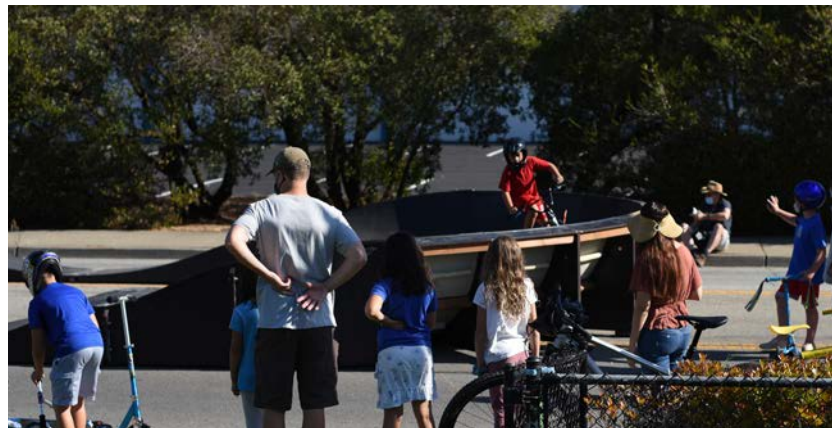

Vex Smith

Pie-Eating Contest

This has been taking place since 2017, and it always makes for great fun, and photographs! We had a new youth winner this year in Marissa Miller, as the former reigning champion, Vex Smith, went on to compete in the adult competition (they had won every single year in the youth category), and 2021 proved to be no exception. Congrats, you two, and hope you're still up for pie come Thanksgiving!

Community Clubs, Organizations, and Businesses

We thank all who made it a point to come out to the Day in the Park, Brisbane's biggest community festival of the year... to experience first-hand what Brisbane is all about...small-town charm, connection, and of course, community!

Youth Climate Ambassador: Cassandra Bousquet

Cassandra, Angelica, and Katie are high school seniors at Mercy Burlingame, and current San Mateo County Youth Climate Ambassadors. The Youth Climate Ambassador (YCA) program is offered by the San Mateo County’s Office of Sustainability, the San Mateo County Office of Education, Peninsula Clean Energy, and the Citizens Environmental Council. This year-long youth leadership program provides students with the opportunity to dive into social and environmental issues contributing to the global climate crisis. When considering how they could make the most impact in the community, they realized bringing together local resources in one location would be the most impactful. When we heard that they were thinking to have this fair in the Brisbane Community Park*, on a Thursday during the hours of the farmers’ market, we wanted to learn more...

How did the three of you meet?

We all go to Mercy High School Burlingame, but we got to know each other through the Youth Climate Ambassador program. We started our work as YCAs in January over Zoom, and we will have our capstone event this December.

What have you been learning as Youth Climate Ambassadors?

We have learned about the climate crisis in-depth, focusing on its causes and solutions. We have learned about renewable resources, local and global environmental and climate initiatives, and how to communicate the information we have been learning with others so that we can drive change and make a positive impact on our world. We have been mentored to be leaders and given the skills to empower others to be leaders, as well. The first half of the program revolved around making sure we were educated about the climate crisis, and the second half is centered around implementing a community impact project, or real, specific action that will help our communities fight against climate change.

Why did you decide to host a United Against Climate Change Fair?

We decided to host a United Against Climate Change Fair because we thought it would be the best way to reach our local community and spread awareness and empowerment about climate change. We understand that many people feel lost or hopeless when they think about the climate crisis, and that many would like to

Katie, Cassandra, and Angelica

take action but don’t know how or where to start. By creating a space where people can learn more about the crisis and what they can do to fight against it, we feel that together, as a community, we can create widespread change. One especially powerful thing that I have learned from the YCA program is that it is absolutely possible to stop climate change. We just have to actively stand united against it. It isn’t easy, and we are rapidly running out of time, but it is still possible. We felt that the Brisbane Farmers’ Market would be the ideal location since the farmers’ market promotes eating locally, which cuts greenhouse gas emissions that otherwise would have gone into the atmosphere. The Community Park is also an established community gathering place, which makes it a wonderful space to share our message and mission.

Is there anything specific you want to mention about the fair?

I’d like to thank Brisbane resident Karen Lentz with Silverspot Graphics, who has helped us order t-shirts for a discounted price which will be available for free at the fair. I’d also liked to thank everyone involved with the Youth Climate Ambassadors program, especially our mentors Mike McCord and Desiree Thayer, as well as our United Against Climate Change Fair partners: the City of Brisbane, along with the City’s Open Space and Ecology Committee, SSF Scavenger, the County of San Mateo’s Office of Sustainability, Citizens Environmental Council of Burlingame, and Citizens Climate Lobby.

Awesome! How can people stay in touch with you and keep up with the work you’re doing?

You can follow us on Instagram [@unitedagainstclimatechange](#) or visit our website: unitedagainstclimatechange.com to stay informed about what we’re up to!

And there you have it. We hope you’ll stop by the United Against Climate Change Fair, happening Thursday, November 4th from 3 to 6pm in the Community Park*, and learn how you can make a difference (not to mention get some shopping done)! ★

* Check unitedagainstclimatechange.com for possible location change if raining that day

Remember, Wipes Clog Pipes!

We have seen a significant increase in items at the pump station that should not be getting flushed down the toilet. The only products that should go in your toilet is toilet paper.

PLEASE DON'T FLUSH:

- Paper towels
- Cleaning Wipes
- Baby Wipes
- Disposable Diapers
- Q-tips
- Moist Towelettes
- Rubber Gloves
- Masks

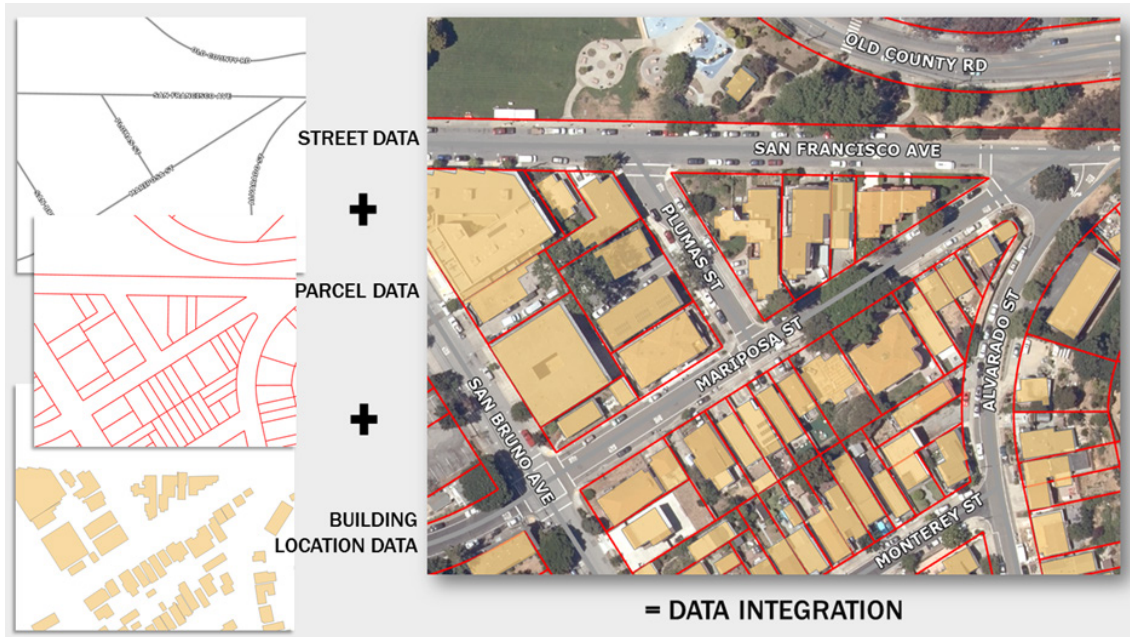

Even though the label may say “disposable” or “flushable”, these products can clog your sewer line and lead to costly repairs for the City’s sanitary sewer system. We’ve seen a big increase in these items at our sewage pump stations recently, and we’d really appreciate your help spreading the word. Thanks!

What is GIS?

GIS stands for geographic information systems, and is a system that creates, manages, analyzes, and maps all types of data. GIS connects location data (where things are) with all types of descriptive information (what things are like there). This provides a foundation for mapping and analysis that is being utilized in hundreds of thousands of organizations in virtually every field to communicate, perform analysis, share information, and solve complex problems. This is changing the way the world works.

Everything from finding restaurants on your phone, to tracking COVID-19 cases and wildfires, is created using GIS.

Data-Driven

Most data has a geographic component. GIS integrates many different kinds of data layers (including imagery, spreadsheets, features, and tables) using spatial location.

Maps

Maps are the “geographic container” for these data layers. GIS maps are easily shared and embedded in apps, and they’re accessible by virtually everyone, everywhere. Check out some Brisbane-specific maps at brisbaneca.org/maps/!

Water Main Replacement Project Receives Recognition from American Public Works Association

In January 2020, the Water Main Replacement Project Phase 2 started on Kings, before moving to Margaret and Paul, and ultimately, Harold. This purpose of this project was to improve fire flow capacity in the upper streets and replace 5,120 linear feet of the City's then aging infrastructure.

When the Public Works Department began working on this project, which they knew was going to be largely disruptive at times for 68 residences in the project area due to water needing to be temporarily shut off for a temporary bypass to be installed and the aging 6" lines replaced with new 8" and 10" pipe, Engineering Technician Bob Sage set out to create what's called a "story map" using a software program called ArcGIS. Story maps are being embraced throughout the County, as is the case for the current Redistricting process, (see page 10) so that complex issues can be better understood and that better decisions can be made. A link to the project story map was shared with the residences in outreach letters and posts made online and can be seen here: arcg.is/15C4DK0

Bob's story map served to visually inform the community about the project, which was able to be successfully completed in December of 2020. On October 20, 2021, Jerry Flanagan, Deputy Public Works Director (Utilities) and Bob attended an awards program hosted by the American Public Works Association, Silicon Valley Chapter, where the Water Main Replacement Project Phase 2 was recognized with an Honorable Mention for the Utilities (\$2M – \$5M) Category.

Jonathan Sutter, Project Consultant with EKI Engineering, Daniel Gonzales, APWA Chapter President, Jerry Flanagan, Deputy Director of Public Works-Utilities, and Bob Sage, Engineering Technician

Star Decorating Workshop

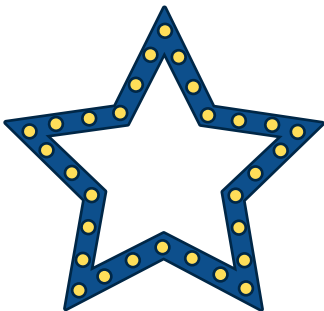

Sunday | 2-4pm
November 14
Mission Blue Center

One only needs to take a short walk around town to realize why Brisbane is known as the "City of Stars". The wooden stars perched atop houses and in front of businesses are hard to miss! Many of these stars are decorated with holiday lights to shine throughout the Winter season. The result is a magnificent starry hillside which residents and cars driving along 101 can admire. This year, we want to encourage every home in Brisbane to participate in this long-standing tradition and we're going to help you make it happen! In partnership with the Brisbane Chamber of Commerce and Star Maker Bob Wilson (who provides the wood-framed stars at no cost) we are offering a star-decorating workshop. The workshop will include free wooden star frames, light fasteners, craft supplies, and staff to assist you with attaching your lights. To keep event costs to a minimum, we encourage you to bring your own light strands if desired. We will also have miniature stars for kids to decorate and place proudly in their homes. Have a star already? Consider decorating one for a neighbor who doesn't! Or heck... no one's saying you can't spread cheer by having more than one!

Registration

★ \$10/adult

★ \$5/child

[brisbaneca.org/
starworkshop](http://brisbaneca.org/starworkshop)

Check out our newest ATM and open a new SMCU account.

Join us on Tuesday, November 9, 2021 from 1:00 to 5:00 pm, at Brisbane's City Hall. SMCU representatives will be available to open new membership accounts and answer any questions you have about becoming a member of San Mateo Credit Union. **Plus, when you open a new checking account, you'll be eligible to earn a \$100 bonus*.**

When: Tuesday, November 9, 2021

1:00 to 5:00pm

Where: Brisbane's City Hall

50 Park Place
Brisbane, CA 94005

Bank with San Mateo Credit Union. We can't wait to meet you.

Open an SMCU checking account on November 9, 2021, and you'll get a \$100 bonus in just a few easy steps.*

- Conduct 10 or more debit card purchases in December
- Make at least one direct deposit, payroll deposit or external ACH transfer

(650) 363-1725 | smcu.org

*Open a new San Mateo Credit Union (SMCU) Free or Premium Checking account (no other account types eligible) on November 9, 2021. During the full calendar month immediately following the month in which the account is opened, conduct 10 or more personal identification number (PIN) or signature-based purchases or payments using the SMCU debit card(s) associated with the new checking account. ATM and ACH transactions are not eligible. In the case of a joint account, purchases and payments from multiple debit cards will be added together. Membership eligibility requirements apply. Must be age 18 or older. Offer is not available for existing SMCU members who have an open checking account as of November 8. Existing SMCU members who do not have a checking account as of November 8 may qualify for the offer. Conditions and restrictions may apply. Limit one (1) bonus per individual membership account. Federally issued by NCUA.

Lost Your Pet?

We hope that none of our residents' pets ever go missing, but just in case, please refer to the information below.

If you have lost your pet, please visit Peninsula Humane Society & SPCA immediately at the Coyote Point Shelter at 12 Airport Blvd in San Mateo. Open hours are Monday – Friday 11am – 7pm and Saturday – Sunday 11am – 6pm. Once a lost report is completed, staff will take you through the kennels to see if your pet is in the shelter. Each year, the PHS & SPCA reunites thousands of stray pets with their human companions.

Please visit the PHS & SPCA website at phs-sPCA.org/lost-domestic for tips, advice, and resources such as Lost & Found Flyers, as well as images of animals currently in their shelter found as stray.

Did You Know?

Tomika Price, Brisbane Library Branch Manager

Did you know that across from the bottle-filling station at the new Brisbane Library is an ADA self-service station?

The station allows library users to check out library items, print, and make copies. Printing is free for the first 25 pages. Black and white copies are \$0.10 per page, and color copies are \$0.40 per page.

Describe Your Community of Interest

What is redistricting?

Every ten years, electoral districts throughout the U.S. are redrawn to equalize the district populations. This process is called redistricting. It is important in ensuring that each Supervisor represents about the same number of constituents.

What is a Community of Interest?

A Community of Interest is a group of people that share a common bond or interest. It is a concentrated population that should be included within a single district for purposes of effective and fair representation. Communities of Interest may not include relationships with political parties, incumbents, or candidates.

Examples of Communities of Interest:

- Senior citizens
- Recent immigrants from the same country / region
- LGBTQIA+ communities
- Residents who share a common language or culture
- People who use the same public transportation
- People who live in an industrial, rural or urban area
- People who use the same parks and recreation areas

How can you tell the County about your Community of Interest?

- During a public hearing or workshop by providing public comment. Visit the website for a schedule of upcoming events: <https://SmcDistrictLines.org/schedule/>
- Online:
 - Submit a proposed district map by using the mapping tools available here: <https://SmcDistrictLines.org/draw-a-map>
 - Complete the Community of Interest web survey: <https://SmcDistrictLines.org/COI>
 - Submit a public comment by sending an email to: DistrictLines@smcgov.org
 - Post on social media (Facebook or Twitter) using the hashtag #SmcDistrictLines
- Paper:
 - Draw a map and/or Complete a Community of Interest Survey and submit:
 - Via email to DistrictLines@smcgov.org
 - Via mail/drop off to: County Manager's Office
Attn: Redistricting
400 County Center, 1st Floor
Redwood City, CA 94063

Why should you participate?

- To give your community a voice and make sure it has equal access to the political process.
- To help shape a redistricting plan that provides communities a meaningful opportunity to elect candidates who represent their interests on issues that are important to them.
- **Remember that you are the expert in your community and the County wants to hear your input!**

November City Calendar

The City's **Meals for Seniors Lunch Program** takes place **Mondays** from **12-12:45pm** outside the Senior Sunrise Room (2 Visitacion Avenue) for drive-thru pick-up. Call (415) 508-2144 if you would like to participate in the meal program or adjust your participation.

The **Brisbane Farmers' Market** takes place **Thursdays** from **3-7pm** in the Community Park. Masks are currently required for all shoppers.

Brisbane Community Calendar: brisbaneca.org/calendar

No-Cost COVID-19 Testing is safe, easy, and available at the Community Park **Thursdays from 11am – 5pm**. Sign up at cur.tv/Brisbane as early as the Monday before. Walk-ups are welcomed, but we recommend signing up in advance so as to limit your time on-site.

Public Meeting Agendas may be viewed online at brisbaneca.org/meetings at least 24 hours prior to a Special Meeting, and at least 72 hours prior to a Regular Meeting.

Reminder: Annual Winter Cleanup Weekend

Thank you for everyone who participated in 2020's cleanup event. Twenty (20) tons of yard waste were collected over the weekend by SSF Scavenger Co.!

This year's Annual Winter Clean Up Weekend is November 13 & 14, 2021.

This is the time to clear your property of fallen leaves and branches which could find their way into one of the City's storm drains and cause flooding during the rainy season.

Dumpsters will be placed throughout town for residents to dispose of their yard waste. See above map.

Please place your yard trimmings and branches (less than 4 inches in diameter and NOT within plastic garbage bags) into the nearest-located dumpster, which will be placed the Friday before.

If you need assistance, we will have limited staff available to transport your yard waste to one of the dumpsters. For assistance, please call (415) 508-2147 during the following times:

Saturday, November 13: 10:00 AM – 3:00 PM

Sunday, November 14: 9:00 AM – 1:00 PM

Please remember that this is for YARD WASTE ONLY (leaves, branches, grass). NO GARBAGE OR OTHER WASTE is to be disposed of in these dumpsters. Doing so will make the entire load unrecyclable.

Do not attempt to trim tree branches that are touching or near PG&E power lines. Call PG&E if you have any questions or concerns at (800) 743-5000.

Once again, thank you for your cooperation in this City-wide effort. If we all pitch in to clean up our properties from yard trimmings and fallen leaves, we can prevent future problems from occurring in our storm drains, as well as keep our properties fire-safe.

Join Us for a Hybrid State of the City

Open Seats on Commissions and Committees: Apply by 1/14/22

The City of Brisbane is currently recruiting residents interested in serving on various Council Commissions and Committees. The deadline to apply is 5:00pm on Friday, January 14, 2022, and the applications are available at brisbaneca.org/open-seats or by contacting the City Clerk at (415) 508-2113 or at cityclerk@brisbaneca.org.

Apply now for the following Council Commission and Committee seats:

- Parks and Recreation Commission (4 seats for terms until 2026)
 - Planning Commission (2 seats for terms until 2026)
 - Complete Streets Safety Committee (4 seats for terms until 2026)
 - Open Space & Ecology Committee (5 seats for terms until 2026)
 - Inclusion, Diversity, Equity, and Accountability Committee (7-11 seats for terms until 2026)
- (*Note: Brisbane residents and people who work in Brisbane are welcome to apply)

To apply for any of these positions and to have an opportunity to make a contribution to your community, fill out the application form at brisbaneca.org/open-seats and return it to the City Clerk's Office via email at cityclerk@brisbaneca.org or by mail:

Attention: City Clerk, 50 Park Place, Brisbane, CA 94005

Applications must be received no later than **5pm on Friday, January 14, 2022**. Applicants must live in Brisbane with the exception of the Inclusion, Diversity, Equity, and Accountability (IDEA) Committee where applicants can either live or work in Brisbane. Except for a small stipend paid to Planning Commissioners and Park and Recreation Commissioners, there is no compensation for these positions. It should be noted that incumbent members of all these commissions and committees are eligible to apply for reappointment. An electronic copy of the application is acceptable to meet the deadline.

For more information, contact the City Clerk at (415) 508-2113 or at cityclerk@brisbaneca.org.
