## Sierra Point Open Space and Parks Master Plan Update, the Marina, and Response to Sea Level Rise

The Sierra Point Open Space & Parks Master Plan is in the second phase (Exploration) of a three-phase process: Discovery – Exploration – Resolution. The “Task 01: Discovery Phase & Report”, which has a site analysis, various constraints, including the SF Bay Conservation & Development Commission’s (BCDC) regulations regarding the shoreline, the need to preserve parking, City-selected consultant CMG’s preliminary engagement with stakeholders, and local weather/wind conditions, is available to review on the project page, [brisbaneca.org/SOpenSpaceParksMasterPlan](https://brisbaneca.org/SOpenSpaceParksMasterPlan).

Note: Technical constraints, open space improvement opportunities, and conversations with stakeholders will continue as we progress through this current Exploration phase.

As part of the Mid-Year Budget item scheduled to come before the Council at their **Thursday, May 4th City Council Meeting**, staff will be presenting on the following:

- Review of the Marina Enterprise Fund (year-to-date as well as projections)
- Sierra Point Lighting & Landscaping District
- Park planning dollars, including
  - dedicated use of \$300k from Phase 3 Real Estate Partners, Inc. and \$0.50/square foot from their development to be used for developing a park at Parcel “R”
  - \$1.5M from Healthpeak to be used for parks at Sierra Point

At the **Thursday, May 18th City Council Meeting**, the following items are scheduled to be discussed:

- The Marina
- Park planning at Sierra Point
- Response to sea level rise

# Your City EV Charging Questions, Answered

Last month, electric vehicle (EV) charging stations were activated at City Hall and at Mission Blue Center. These installations are part of a larger project which has been in the works for several years and is still underway. City staff has heard a number of questions, so we'd like to take this opportunity to answer them.

## Q: What EV Charging is available in Brisbane now?

A: There are 7 public spots at City Hall, along with 3 for future police fleet and employee vehicles inside their gated lot, and 10 at Mission Blue Center. These are Chargeie brand "managed" Level 2 chargers. L2s are medium speed chargers, the most common in use, meant to fully charge a battery overnight. Ours have 7.68kW capacity and if multiple chargers on the same circuit are in use at the same time, they will step down to limit the electrical demand needed. This "managed" feature helps avoid electrical upgrades (which can be expensive and take a long time) and minimize any increased demand charges on the City's utility bills, but results in slower speeds. If you're coming to charge, avoid parking right next to someone else for faster speeds.

## Q: How did the City decide on these projects?

In 2020, CALeVIP was rolling out grants that would cover up to 75% of the cost of EV chargers, and Peninsula Clean Energy was providing technical support to develop preliminary designs and help with applications. City staff decided to take advantage of the resources available and maximize charging access. We anticipated that dwell times at L2 chargers would be longer – for City fleet vehicles, workforce use, perhaps overnight charging for residents living in multi-family units that do not have access – and thus a larger number of chargers might be warranted. We didn't know if we'd have high demand initially but expect the number of EVs to grow; our goal is to facilitate charging access and EV ownership! The City Council allocated funds to cover our portion of the cost and staff released an RFP which was distributed widely. We received just three bids and the Chargeie proposal was the lowest by a good margin, and the only one within reach of our budget. The City Hall DCFC was not initially funded by CALeVIP, but we installed conduit during the L2 construction and that grant was recently approved, so installation will be moving forward soon. Make sure you're subscribed to the Blast for the latest updates: [brisbaneca.org/blast](https://brisbaneca.org/blast).

## Q: What if I have problems with the chargers?

In these initial stages, some users encountered issues with throttled speeds which were determined to be an incorrect setting that had been tripped. It has been corrected and close monitoring since indicates it has not reoccurred, but Chargeie is still investigating to identify and address the root cause. If you encounter problems, reporting issues to Chargeie directly ensures they can be addressed quickly, and resolutions communicated to you. Contact Chargeie Support through the Chargeie app, at [chargeie.com/support](https://chargeie.com/support) or by calling 1-800-266-0027.

# Brisbane (Citizens) History Committee Back to In-Person Meetings

On April 13th, members of the Brisbane (Citizens) History Committee met inside the History Room at the Library to talk about the current photographic exhibition, which features seven digitally-enhanced, colorized photographs by Kevin Fryer, planned for future additions to the room, heard an update from Brisbane filmmaker Keith Moreau regarding the Oral History Project, and self-selected into three subgroups to work more expeditiously, as there is a lot of work to do! If you haven't checked out the new exhibits, come by the Brisbane Library to see the "Brisbane in Color" photographs hung inside the History Room, as well as the "Brisbane School Display" located in the outside display case, which features a handbell from the 1930s that teachers would ring to call students into class.

# Appreciation and T-shirts for Brisbane Village Helping Hands Volunteers

National Volunteer Month was celebrated in April, and the BVHH Board is taking this opportunity to recruit new volunteers and encourage Brisbane residents over 55 to sign up for membership in our nonprofit organization designed to help seniors age in place. We would also like to give a hearty thank you to our current volunteers for helping to make Brisbane a stronger community. Brisbane may be a small town, but volunteers have made a huge difference in the lives of local seniors.

“I have never met such kind people as long as I’ve been on this Earth,” BVHH member Carol Pizzaro recently told *The Luminary*, published by the Chamber of Commerce. She appreciates that BVHH volunteers have taken her to medical appointments and even the laundromat.

“The Village has helped me a lot,” says Linda Fielder, who was extremely grateful when a dedicated volunteer helped her to recover documents on her computer when it malfunctioned.

As part of National Volunteer Month, the BVHH Board would like to not only voice appreciation to volunteers who have accepted assignments we have posted, but also like encourage others who have signed up to become volunteers – but hesitated to fulfil requests – to take the plunge and click on the “accept” button. We think you will find volunteering enjoyable and rewarding!

Benefits from volunteering include: satisfaction in helping others; giving back to your community; getting to know your neighbors better; and making Brisbane an even better community. Studies show that volunteering improves mental and physical health and overall wellbeing.

“It is so rewarding helping others,” says Steve Goodwin, an active BVHH volunteer who recently helped a member take down her holiday star, which she feared would shatter her window during a storm. “I know that if I was in a position of needing help, I would want the Village to be there for me.”

We have noticed that some of the more challenging requests to fill have involved “friendly visits,” but we’d like to share that those who have accepted these assignments enjoyed them tremendously. It’s a great way to meet people, hear interesting stories, and brighten someone’s day.

To show appreciation for our volunteers – and encourage some to begin volunteering – **BVHH is giving away free colorful T-shirts** with our logo. To be eligible, you must become a volunteer if you are not one already, and accept a request. The offer is retroactive to those who have previously accepted volunteer requests in 2023. The limit is one per person. (That’s t-shirts, not assignments.)

Looking back, it’s hard to believe that it’s been seven years since BVHH launched as a way to help seniors “age in place” and decrease isolation, by offering help with transportation, minor home repairs, technology and companionship. We are grateful for the strong support we have received from the City of Brisbane, the Lions Club, and private citizens who have shown generosity through donations and fundraising. We are proud to have completed more than 900 requests and have grown to 55 volunteers and 59 members. As COVID declines, we hope to resume our social gatherings.

Again, thank you for your support. Together, we are truly making a difference. If you’d like to become more involved, have any questions, or would like to request individual volunteer training, please contact us at [brisbanevillagehelpinghands@gmail.com](mailto:brisbanevillagehelpinghands@gmail.com) visit our website at [Brisbanevillage.org](http://Brisbanevillage.org) or leave a phone message at (415) 508-2185.

# #WeAreBrisbane Series Kick-Off Event: Celebration of National Asian American Pacific Islander Heritage Month

Asian American Pacific Islander Heritage Month originated with Congress in 1977 and is recognized each May ([asianpacificheritage.gov](http://asianpacificheritage.gov)). This month is dedicated to celebrating the cultures, traditions, and histories of Asian Americans and Pacific Islanders. During this month, we are all called to reflect on the tremendous contributions that Asian Americans and Pacific Islanders have made, and to also remember the challenges that they have faced and continue to face. Communities are called to celebrate their resilience and strength, and to reaffirm their commitment to standing with the AAPI community.

The City of Brisbane, in partnership with the IDEA Committee, invites you to join them and local artists and performers on **Saturday, May 20th from 10-12pm in the Community Park** to kick off the #WeAreBrisbane Series, as we celebrate the diversity in our city as a community. We look forward to seeing you there!

# "Let's Get the Kids off the Street and into the Gym" ...FIRE IN THE RING BOXING GYM - Giving Kids a Fighting Chance, One Round at a Time

Fire in the Ring (FITR) is a Brisbane-based boxing gym located at 180 Industrial Way, Brisbane, 94005 founded by Jimmy D. Ford who started boxing at age 10 at a gym in the Tenderloin to keep himself out of trouble. The mission of the gym is "Making Kids Better, One Round at a Time, So They have Better Opportunities for their Future." They could use your support to keep doing what they're doing, like allowing kids 6-17 the ability to box for FREE. If residents are interested in joining the gym, please drop in at the gym to sign up. You can do so M-F, 4-6pm or by appointment. More information is available online at [www.fireinthering.org](http://www.fireinthering.org) or by calling (415) 347-9955. Thank you for supporting FITR!
