# PROCLAMATION

## Standing in Solidarity with Ukraine

The City of Brisbane wishes to express solidarity with Ukraine in the struggle to defend their nation against the unlawful and violent aggression of the Putin regime.

This unwarranted invasion has displaced over a million Ukrainians, cost hundreds of lives, and injured thousands more.

And now brazen attacks appear to target the civilian population in a cruel campaign to incite fear and terror.

We condemn the violence and suffering inflicted on the Ukrainian people, who like all of us in Brisbane, seek nothing more than to live in peace and raise their families.

And we stand with Ukraine to proclaim the right to sovereignty and call for this conflict to cease.
