CLOSE
THE DOOR.

A door is one of the best pieces of firefighting equipment.

It can:
• Reduce fire growth and spread.
• Limit damage to your home/building.
• Save lives.

Remember:
• Close the bedroom door when sleeping.
• Close doors behind you when escaping a room or building that is on fire.
• Keep fire doors closed. Never wedge, disable, or prop open fire doors.

HOME FIRE SAFETY & PREVENTION

Install smoke detection systems.
Place smoke alarms strategically around the house. Run tests regularly to ensure they work.

Check heating sources and appliances.
Ensure heaters, dryers, and other appliances are installed and working properly.

Keep fire extinguishers handy.
Keep one in potentially risky areas and make sure everyone knows how to use one.

Create a fire escape plan.
Discuss the plan with everyone in the household and run fire drills twice a year to practice.

Never leave cooking food unattended.
Cooking is one of the leading causes of home fires. Stay in the kitchen when cooking.

PLEASE USE 9-1-1 RESPONSIBLY

9-1-1 IS FOR POLICE, FIRE OR MEDICAL EMERGENCIES (FIRES, CAR ACCIDENTS WITH INJURIES OR ANY OTHER MEDICAL EMERGENCY)
74% of child drownings occur at home.

Stay alert — always be within arm’s reach.

Add the poison help number to your contacts

1-800-222-1222

Gas grills cause more house fires than charcoal.

Grill responsibly.
