The Personnel Officer may approve use of leave for this purpose for other than the family members defined above.
- E. Accrued sick leave may, with department head approval, be used for medical and dental appointments of the employee where it is unfeasible to schedule them on the employee's own time.
- F. The sick leave reporting procedure shall be governed by the department Standard Operating Procedure (SOP).
- G. Verification of Injury or Illness:
 - 1) Usual verification – An employee requesting paid sick leave shall provide reasonable verification of the illness or injury by completing a sick leave form explaining the reason for the employee's absence.
 - 2) Doctor's Verification – The Chief or his/her designee may require a verification prepared and signed by a medical doctor, which describes the nature and extent of the illness or injury and which confirms that the employee has fully recovered and is able to perform the full scope of the normal and customary duties of the classification. This verification may be required when an employee is absent due to illness or injury for a period of three (3) consecutive shifts.

Employees may be granted up to a maximum of seventy-two (72) hours per occurrence for the death or funeral of a family member. The City Manager or designee may approve extensions to such leaves due to unusual circumstances.

Section 25. Maternity Leave

Applicable federal and state law shall govern maternity leave.

Section 26. Military Leave

Military Leave shall be granted in accordance with the provisions of the State Military and Veterans Code. An employee requesting leave for this purpose shall provide the department head with a copy of the military orders specifying the dates, site and purpose of the activity or mission.

Within the limits of such orders, the department head may determine when the leave is to be taken and may modify the employee's work schedule to accommodate the request for leave.

The procedure for requesting Military Leave is governed by department Standard Operating Procedure (SOP).

Section 27. Uniforms

Each employee shall be eligible for payment by the City to a vendor approved by the City, or reimbursement for the purchase price of approved uniform items up to a total of Eight Hundred Dollars (\$800.00) per fiscal year. New employees shall receive \$1,250 in their first month of employment.

Department heads may grant such leaves not to exceed five (5) working days. The request for leave, and the reasons therefor, shall be submitted in writing by the employee and must be approved in advance by the appointing authority or the department head, as appropriate.

On expiration of the approved leave, the employee shall be reinstated to his former position or to a comparable one if the former position was abolished during the period of leave and the employee otherwise would not have been laid off. Based upon unforeseeable changes in operating requirements, the appointing authority may recall the employee from leave prior to its expiration.

Failure on the part of an employee to return to work on the date originally scheduled or subsequently modified shall be considered as a resignation.

Section 30. Leaves of Absence Without Pay: Effect on Seniority and Benefits

Except as provided under State Law for employees on military leaves of absence, employees on leaves of absence without pay shall not, after the first thirty (30) days of such leave, accrue service or leave credits, nor shall the City be required to maintain contributions toward group insurance coverages. During the period of such leaves, all service and leave credits shall be retained at the levels existing as of the effective date of the leave.

Section 31. Jury Duty

An employee who is called to serve as a juror shall be entitled to leave during the period of such service or while necessarily being present in court as the result of such a summons. Under these circumstances, the employee shall be paid his full salary for this period, provided the employee remits jury fees received to the City. Such fees shall not include mileage reimbursements or subsistence payments. In order to receive regular wages, the employee must provide the City with a copy of the summons and any documentation related to attendance.

Section 32. Layoff Procedure

- A. The City Council may abolish any position in the Classified Service due to lack of funds, work or need.
- B. The layoff of employees resulting from the elimination of positions shall be governed by the following procedures:
 - 1) Layoffs shall be made from within the affected job classification in reverse order of total time in the Classified Service, including any period of probation, paid leave or active military leave. Except as provided under Rule 17.13 of these Regulations no service credits shall be earned during any leave of absence without pay. Where time in service is equal between two (2) or more affected employees, their position on the seniority list shall serve as the determining factor.
 - 2) The order of layoff in the affected classifications shall be:
 - a. Temporary employees.
 - b. Probationary employees.
 - c. Permanent employees.
 - 3) Probationary and permanent employees in the Classified service who, under paragraph 1. above, are scheduled to be laid off shall receive at least twenty-one (21) days' written notice to this effect.

In lieu of layoff, a permanent employee may elect transfer or demotion to a vacant position in the Classified Service that the City intends to fill and for which the employee is qualified. Such

actions shall be governed by the terms of Rules 12.03 and 12.04, and in no event shall result in an employee being placed in a classification carrying a higher maximum rate of pay.

Within ten (10) days from the date layoff notices are issued, an employee who would otherwise be laid off may elect to displace an employee in a classification carrying a lower or the same maximum rate of pay; provided, however, that the displacing employee must have held permanent status in such classification and have greater time in Classified Service than the employee being displaced.

A probationary or permanent employee displaced in accordance with this section shall, in turn, be provided the same notice and displacement privilege as set forth in this section.

- 4) Permanent and probationary personnel laid off in accordance with this Rule shall, at their request, be placed on a re-employment list as provided by Rule 9.03 of the City's Personnel Rules and Regulations. If an employee is re-employed from such a list, all service credits and other benefits accrued to the date of layoff shall be restored. In no event, however, shall the City be required to restore credits for vacation and other benefits paid out at the time of layoff. At the time of layoff, the employee's name shall be removed from all promotional eligibility lists, but, at the employee's request, shall be retained on open-competitive lists subject to the provisions of Rule 9.05 of these Regulations.
- 5) A probationary or permanent employee laid off pursuant to this Rule, shall have the right to appeal directly to Step 3 of the Grievance Procedure as outlined in Section 40. An appeal filed under these circumstances shall not in any way be construed as stemming from a disciplinary action and the sole issue appropriate for determination shall be questions concerning interpretation or administration of the layoff procedure. An appeal filed under this paragraph shall not serve to suspend or delay layoff proceedings unless the appointing authority determines otherwise. In no event shall the appointing authority be empowered to hear and rule upon the City Council's judgment as to the merit and necessity of the elimination of positions.

Section 33. Demotion

Based upon an employee's request or upon an employee's demonstrated inability to perform the tasks of the position, the appointing authority may demote an employee to a position in a classification which carries a lower maximum rate of pay and which the employee is qualified to perform. Under these circumstances, the employee's new rate of pay shall be that step in the new salary range that most closely corresponds to the employee's former salary step.

Where such action is based upon an employee's inability to perform the work of the current position, the employee may appeal the action of the appointing authority pursuant to Section 40 of the Memorandum of Understanding.

Advance written notice of demotion, together with the effective date, shall be provided the employee and the employee's department head.

Section 34. Promotions

See City Rules and Regulations Section 9.01 & 9.02:

- A. Placement on Lists: Candidates who successfully complete all components of the examination shall be placed on the appropriate employment list. Preparation and maintenance of employment lists under these Rules shall be the responsibility of the Personnel Officer.
- B. Duration of Lists: All open-competitive and promotional lists shall remain in effect for one year unless exhausted or abolished within that period as provided below. The Personnel Officer may extend any such list for up to six months. The effective date of a list shall be that date on which it is approved for posting by the Personnel Officer. The Personnel Officer may abolish any employment list that has fewer than three available eligible candidates on it.

Section 35. Probationary Period and Performance Ratings

- A. The probationary period shall be regarded as part of the testing process and shall be utilized for closely observing the employee's work, for securing the most effective adjustment of the employee to the new position and for rejecting any probationary employee whose performance does not meet the required standards of work. An employee rejected during the original probationary period shall have no appeal rights.
- B. All original appointees to positions in classifications covered by this Agreement shall serve a probationary period of eighteen (18) months, which shall begin upon the first day of starting with the City. In the case of a fire fighter trainee who successfully graduates an academy, the time worked as a trainee will count towards the eighteen (18) month probationary period. Promotional appointees shall serve a probationary period of not less than six (6) months, nor more than twelve (12) months.
- C. Where the probationer loses time from the job, whether paid or unpaid, in sufficient amounts as to detract from the stated objectives of City's Personnel Rules and Regulations 11.01, Objective of Probationary Period, the appointing authority may extend the period of probation beyond the limits contained in the preceding paragraph. This extension may not exceed the aggregate amount of lost time that caused the extension. The probationer shall be so advised prior to the effective date of the extension.
- D. It shall be the duty of the department head and immediate supervisor to investigate carefully the probationer's adjustment and performance to determine whether or not the probationer is qualified for permanent status. The department head shall submit to the Personnel Officer an evaluation of the probationer's performance at time specified by the Officer, but no less than twice during the employee's probationary period.
- E. The final probationary report on each probationer shall include, and earlier reports may include, the department head's recommendation regarding retention.
- F. During the probationary period, an appointee may be rejected at any time by the appointing authority without cause and without right of appeal. Notice of rejection shall be served in writing on the probationer.
- G. An employee rejected during the probationary period from a position in the Classified Service to which he/she has been promoted shall be reinstated to a position in the class from which he/she was promoted unless the rejection results in dismissal from the City service. Where rejection results in dismissal, the employee shall have the right to appeal such action in accordance with

Section 40 and shall be furnished advance notice pursuant to Rule 13.02, Notice of Disciplinary Action, of the City's Personnel Rules and Regulations.

- H. Performance reports shall be completed at least annually for all personnel having permanent status in positions in the Classified Service. Such reports may be required more frequently by the City Manager or designee, or the Fire Chief. This Section shall be governed by the department Standard Operating Procedure (SOP).

Section 36. Limited Duty for Disabled Employees

The following are guidelines that are to be utilized in determining whether an employee shall be given a limited duty assignment.

- A. The employee must have incurred an injury or illness that incapacitates him/her from performing the full duties of his or her job. A physician licensed to practice medicine in the State of California must confirm such disability in writing.
- B. There must be a written statement from a physician licensed to practice medicine in the State of California, releasing the employee to perform specific functions. The physician's statement must contain the specifics or the employee's limitations in performing work and how long it is anticipated these limitations are expected to continue.
- C. The City may require a second physical examination by a City appointed doctor to assess the employee's condition and to verify the information in the employee's physician's statement certification. The City will pay the cost of the City appointed doctor. In the event the two physician's examinations and determinations are not in agreement, the City and affected employee will select a mutually acceptable third physician to review the results of the first two doctors and conduct a third examination whose determination shall be final and binding. The cost of the third doctor's review and examination shall be paid by the City.
- D. The assignments will be at the discretion of the Fire Chief, with due regard to the needs of the service and the condition of the employee, and subject to the rights of the employee under the Workers! Compensation Act.
- E. Any rehabilitation, therapy, physician's visits, or other treatment prescribed by the attending physician shall be without the loss of compensation only for the period of time required by applicable state law when the disability is job related.

Section 37. Emergency Management Authority

Nothing contained in this Memorandum of Understanding shall limit the authority of the Fire Chief and the City to make necessary changes during emergencies. The Department Head and/or the City shall notify the Union of such changes as soon as possible. Emergency assignments of personnel shall not extend beyond the period of the emergency. An emergency is defined as an unforeseen circumstance requiring immediate implementation of the change.

Section 38. Discharge or Discipline

The City Manager or his/her designee may take disciplinary action against any employee in the Classified Service for employment related dishonesty, insubordination, being under the influence of

alcohol or drugs while on duty, incompetence, willful negligence, failure to perform work as required or to observe the Department's safety rules and the Department's rules and regulations, which must be conspicuously posted and not in derogation of the Memorandum of Understanding, for engaging in strikes, individual or group slowdowns or work stoppages, or for violating or ordering the violation of the Memorandum of Understanding.

Such disciplinary action may include suspension, pay reduction, demotion or discharge.

Section 39. Personnel Files

An employee or his or her representative, on presentation of written authorization from the employee, shall have access to the employee's personnel file on request. The City shall furnish the employee copies of all performance evaluation reports and letters of reprimand or warning prior to placement of such documents into the employee's personnel file. The employee may be required to acknowledge the receipt of any document entered into his or her personnel file. Letters of commendation will be placed in the Personnel File. Certificates of Achievement related to the Fire Department shall be placed in the employees Personnel File at the employee's request.

Section 40. Outside Employment

No employee shall engage in outside employment during his/her regular working hours. No uniform, emblem, badge or other employee identification shall be worn by any person while in the employment of someone other than the City. A letter to the Fire Chief shall be submitted for all requests by the employee for permission to engage in outside employment. No employee shall accept or continue employment other than occasional work from other than the City of Brisbane without the approval of the City Manager which may be withheld if such employment constitutes a conflict of interest for the employee or the City or which would interfere with the employee's ability to perform his or her City job.

Section 41. Prohibited Activities

No employee organization shall encourage participation in, nor shall any employee participate in any strike, picketing, slow down, sick-in, or any other form of concerted activity against the City during the term of this Agreement, nor shall any employee recognize any picket line in the course of his duty, nor in any way be involved in the reduction or denial of City service to any premises because of a labor dispute. Any employee who violates any portion of this section is subject to disciplinary action up to and including discharge.

Section 42. Grievance Procedure

- A. Definition of a Grievance: A grievance is defined as any dispute that involves the interpretation, application or alleged violation of:
- 1) A current Memorandum of Understanding between the City and a recognized employee organization.
 - 2) The City's Personnel Ordinance and City's Rules where the provision in dispute is within the scope of representation.

- B. Should any dispute concerning an agreement, rule, or action arise which prescribes a separate appeal procedure, that dispute shall be excluded from this procedure.

Step 1 - An employee who has a grievance shall bring it to the attention of his immediate supervisor within five (5) working days of the occurrence of the act **that is the basis for the dispute**. Where the grievance concerns a matter of proper compensation or a matter which could not reasonably be discovered by the employee within five (5) working days of its occurrence, the grievance on such a matter shall be raised within twenty (20) working days of the occurrence. If the employee and the immediate supervisor are unable to resolve the grievance within five (5) working days of the date it is raised with the immediate supervisor, the employee shall have the right to submit a formal grievance which shall contain the information set forth below.

- f. The remedy sought by the grievant.
- g. The name of the individual or organization, if any, designated by the grievant to represent him/her in the processing of the grievance. However, in no event shall an employee organization other than the one which formally represents the position occupied by the grievant be designated as the grievant's representative.

Formal grievances shall be processed beginning with Step 2 of this procedure.

Step 2 - An employee dissatisfied with the decision of the immediate supervisor in Step 1 may submit the grievance to his department head within seven (7) working days from the date of the immediate supervisor's decision. The department head shall respond to the grievance in writing within seven (7) working days from the date of its receipt.

Step 3 - If the employee is dissatisfied with the decision of the department head in Step 2, he/she may submit the grievance to the appointing authority within ten (10) working days from receipt of the department head's response. The appointing authority, or his/her designated representative, shall respond to the grievance in writing within ten (10) working days of its receipt. Within this period, the appointing authority, at his/her discretion, may conduct an informal hearing involving the parties to the dispute.

Step 4 - For any disciplinary suspensions, disciplinary demotions or disciplinary terminations and or no other action(s), an employee who is dissatisfied with the decision of the appointing authority in Step 3, may submit the grievance to arbitration within ten (10) working days from receipt of the appointing authority's decision.

- C. The City and the Union shall meet promptly to select a mutually acceptable arbitrator. The City and the Union shall share the fees and expenses of the arbitrator and a court reporter equally. Each party, however, shall bear the cost of its own presentation, including preparation, and post hearing briefs, if any.
- D. Decisions of arbitrators on matters properly before them shall be final and binding on the parties hereto.

Pay Claims: All complaints involving or concerning payment of compensation shall be filed in writing and no adjustments shall be retroactive for more than sixty (60) days from the date of filing.

Section 43. Emergency Medical Technician (EMT-Basic & EMT-D) and Educational Incentive

Employees assigned fire suppression duties (24-hour shift assignment) shall be eligible for educational incentive pay for successfully meeting certain qualifications and requirements. Employees hired prior to July 2, 1989 may qualify for educational incentive under Plan A or Plan B, Sections 43.2.1.1 and 43.2.1.2 or 43.2.2.1 and 43.2.2.2 respectively. However, employees hired prior to July 1, 1989 must choose, within 30 days of ratification of the MOU for 1998/2000, either Plan A or B as their educational incentive plan. Following Plan selection no Plan changes are permitted. Employees hired after July 1, 1989 may only qualify for educational incentive under Plan B.

Participation in the Department's Physical Fitness Program (employees assigned fire suppression duties) as provided for in Department SOP Article III, Division 2, Section 3.2-6 and EMT-Basic/D (defibrillator) certifications are required to be eligible for educational incentive pay under Plan A and Plan B.

The Fire Prevention Officer shall be eligible for education incentive under Plan A, Sections 43.2.1.1, 43.2.1.2, and 43.2.1.3 or under Plan B, Sections 43.2.2.1, 43.2.2.2, and 43.2.2.3. The Fire Prevention Officer, if employed by the City of Brisbane prior to July 1, 1989, shall choose either Plan A or Plan B within 30 days of ratification of the 1998/2000 MOU. Following Plan selection no Plan changes are permitted.

43.1 EMT Incentive Pay

Represented employees (excluding the Fire Prevention Officer) with EMT-Basic/D certifications or EMT-P certification may receive additional compensation of 2.5% of the employee's base salary.

All employees in the classification of a permanent employee hired (or promoted from Trainee status) after August 15, 1997 shall maintain EMT-Basic and EMT-D (defibrillator) certifications as a condition of employment. This requirement does not apply to the Fire Prevention Officer's position.

The city will assume responsibility to provide all employees one (1) opportunity during each re-certification period to re-certify for EMT-Basic and EMT-D during the employee's regular duty shift. If the Department cannot provide an opportunity to re-certify on-duty the cost of the re-certification training will be paid by the Department.

An employee who fails to re-certify EMT-Basic and/or EMT-D will, on the date the certification lapses, automatically lose all EMT Incentive and Educational Incentive pay. The loss of incentive pay shall become effective with the next pay period until such time as the employee is once again certified.

Commencing that same date, employees hired after August 15, 1997 shall have 180 calendar days in which to certify and provide the Fire Chief with the appropriate documentation that the employee is again currently certified EMT-Basic and EMT-D. In the event the employee fails to re-certify during

that 180-day calendar period, upon the expiration of that 180 days period the employee will then immediately be placed on leave without pay or benefits for 120 days. During that time period it will be the employee's responsibility to acquire the necessary certification(s) and present the Fire Chief with documentation that the employee again is currently certified. If at the end of this 120-day period the employee fails to obtain current certification(s) the employee's service with the City of Brisbane shall be terminated.

The Fire Chief may extend the maximum re-certification period for an employee if the employee fails to acquire the necessary time to obtain re-certification due to an extended illness or disability. The amount of additional time allowed is at the option of the Fire Chief, but shall not exceed the leave time missed.

43.2 Educational Incentive

APPENDIX A

PARAMEDIC PROGRAM AGREEMENT BETWEEN THE CITY OF BRISBANE AND THE INTERNATIONAL ASSOCIATION OF FIREFIGHTERS, LOCAL 2400 AFL-CIO

I. Understanding in Principle

The City and Union acknowledge that each side has had full opportunity to meet and confer concerning the possible implementation of the Countywide ALS-Paramedic Program and that the following provisions constitute the complete agreement between the parties on this subject. It is recognized that the City's objective is to develop an overall approach to implementing a paramedic program as part of the Countywide ALS-Paramedic Program which is as cost neutral as possible (Program costs born by the City offset to the extent possible by funding provided by the JPA). However, the City, at its sole discretion, may implement a City Paramedic Program independent of the Countywide ALS-JPA Program in the event the Countywide program is dissolved. If the terms and conditions of the final JPA agreement differ significantly from the proposals submitted to the County Board of Supervisors of February 24, 1998 the parties to this agreement will need to meet and confer.

II. Staffing

It is agreed and understood that paramedic staffing levels will be determined by the City. At no time will paramedics be released from their duties if this staffing level is compromised. The City will staff a minimum of one (1) paramedic on duty each shift.

- A. No paramedic may be released from his/her commitment in order to maintain acceptable staffing levels.
- B. All "City-Sponsored Student" (as defined in the Paramedic Program Eligibility section) personnel participating in the City's Paramedic Program must agree to be available for assignment and provide services as a paramedic. No paramedic-certified personnel may withhold provision of paramedic services.
- C. Newly hired paramedics and City Sponsored Students must maintain all required certifications and provide paramedic services for the City of Brisbane as part of the Brisbane Fire Department Paramedic Program for a minimum of three (3) years. During that time and until approved to leave the program, possession of and maintenance of all licenses and certifications required of a paramedic for the City of Brisbane must be maintained as a requirement of employment for those personnel assigned to the paramedic program and as required in this section.
- D. Employees may request to leave the Fire Department's Paramedic Program under the following conditions:
 - 1. Employees hired by the City as a Firefighter/Paramedic or assigned to the City's Paramedic Program must maintain all required licenses and certifications and provide paramedic services as a condition of employment. The Firefighter/Paramedic may request to leave the program after three (3) years of service with the Department as an assigned Paramedic in the City's paramedic program. The Firefighter/Paramedic will no longer be required, as a condition of

employment, to maintain paramedic licenses and certifications upon the Fire Chief's approval to leave the paramedic program.

2. City Sponsored Students, requesting to leave the paramedic program must have been a San Mateo County certified paramedic and serve with at least three (3) years of service as an assigned Paramedic in the City of Brisbane Paramedic Program before they can petition to leave the program.
3. No employee may be approved to leave the paramedic program until:
 - a. The three (3) year paramedic service commitment is completed.
 - b. A certified paramedic replacement is available.
 - c. There is a position classification open for the employee.
 - d. The Chief approves the request to leave the paramedic program.
4. All requests will be based on the operational and staffing needs of the department as determined by the City.
5. Employees must declare their intent to leave the paramedic program in writing to the Fire Chief, who will sign and date the written request as received.
6. Priority to leave the paramedic program will be based on time spent as a certified paramedic actively working in the department's paramedic program as an assigned paramedic. The initial group of paramedics may have the same length of service with the department. Therefore, priority to leave the paramedic program will be based on seniority in the department for those initial employees.
- E. The Chief may designate the assignment of "Lead Paramedic". The Lead Paramedic shall be assigned additional responsibilities such as Department Liaison, quality assurance-quality improvement (QA/QI) Coordinator, equipment and supply procurement, record-keeping, and other duties determined by the Chief. The Lead Paramedic shall receive Lead Assignment Pay of 2% of the employee's base salary.

III. Paramedic Assignment Pay

The proposed Countywide ALS-Program plans to utilize a certified paramedic position and EMT-D (Emergency Medical Technician-Defibrillator) certified employees currently serving within the fire department in the delivery of ALS service. The City will develop a Firefighter/Paramedic position description that will be added to the existing fire department positions descriptions of Captain, Firefighter, and Fire Prevention Officer.

- A. At such time as the City implements a program with or without the JPA Countywide ALS-Paramedic Program, employees certified as a Paramedic shall be eligible to receive monthly Paramedic Assignment Pay of 10% of top step Firefighter base salary per month. Only paramedics officially designated and assigned to the paramedic program shall receive assignment pay. Assigned paramedics will also be eligible for EMT-D pay, but no Paramedic Assignment pay.
- B. The Fire Chief may temporarily suspend Paramedic Pay if an employee is absent for more than thirty (30) consecutive calendar days for a non-industrial injury or illness, or leave of absence,

excluding paid vacation leave. Upon return to work, an employee shall be returned to assignment status provided that he employee has maintained current paramedic certification during the period of absence.

IV. Paramedic Assistant Pay

At such time as the City commences delivery of paramedic service either with or without the Countywide ALS-Paramedic Program, non-paramedic EMT-D certified department personnel shall serve in a paramedic support position operating within the guidelines of the Countywide ALS-Paramedic Program and/or the City of Brisbane. Personnel serving in such a support position shall receive 2% of top step Firefighter base salary per month.

V. Paramedic Program Eligibility

- A. The City will initially fill vacancies with new hires who are paramedic certified. In addition, the City will offer paramedic training, as outlined in the agreement, to existing personnel in the Firefighter and Captain classifications as is necessary to staff the paramedic program. Funding for all training costs will be based on funds available through the JPA to initially train paramedics.
- B. "City-Sponsored Student": Initially, current full-time regular permanent personnel in the classification of Firefighter or Fire Captain may be eligible for appointment to the Paramedic Program as a "City-Sponsored Student". The actual number of students is dependent upon the number of vacancies in the department and the number of paramedics required to staff the program as determined by the City.
- C. Initial Paramedic training, which is composed of (1) didactic training, (2) clinical training, and (3) field internship training, for existing personnel will be based on the following criteria:
 1. Training will be scheduled by the department in coordination with the paramedic training provider with due consideration for the needs of the employee and training funds available from the JPA.
 2. The parties involved in the program will work cooperatively to develop a training schedule.
 3. During the didactic training, clinical training, and field internship training the employee may receive release time from assigned duty when scheduling conflict occur.
- D. City-Sponsored Students may be eligible for an on-time program incentive in recognition of the related commitment and off-duty time that will be required to complete the training program. The City will provide a training program incentive to authorized City-Sponsored Students of \$4,500 incrementally in recognition of successful completion of the training as follows:

Didactic (Classroom Training)	\$2,500
Clinical Training	\$1,000
Internship (Ride-Along Training)	
Paramedic Certification	\$1,000

VI. Paramedic Certification

- A. It is the responsibility of the paramedic to maintain at all times current certification as directed by the County of San Mateo Health Officer, State Medical Services Authority, and any other local, state or federal regulation and/or certification requirements.
- B. All Paramedic personnel shall maintain all required certifications, follow all related and required City, County, State and Federal certifications, policies, procedures, and practices as they apply to performance as a paramedic for the City of Brisbane.
- C. The City shall reimburse paramedic-certified personnel for all registration, books, and certification fees related to continuing education, which may be required for paramedic-certified personnel to maintain their certifications.
- D. The City shall provide as much in-house training, continuing education, and other training as is financially and technically feasible. However, it is the responsibility of the employee to ensure that all license, certifications and training requirements are met on a continual basis for the classification of Paramedic and to provide services as a paramedic for the City of Brisbane and as a part of the JPA. The City reserves sole discretion in determining whether part or all of the training will be provided by the City or whether the employee will complete all or part of the training of his/her own. The City will provide up to 24-hours of overtime per year in the employee completes all of the training on his/her own time. In the event the training is completed in part by the City and in part by the employee, training cost will be apportioned accordingly. This amount will be considered to cover all incurred expenses. Should certification requirements change both parties agree to meet and confer regarding the impact of these changes. It is understood that a contract re-opener is specific to Section VI.d of this appendix.

VII. City Sponsored Students/Initial Paramedic Selection

The City will provide the opportunity for ALS paramedic training to regular, full-time permanent employees in the Firefighter and Fire Captain classifications based on initial program staffing needs. In anticipation of the Countywide ALS-Paramedic Program being implemented, the parties agree to undertake ALS paramedic training and acknowledge the following:

- A. Selection of personnel for ALS paramedic training will be done through an open process based on those employees interested in the program, with the selections of participants subject to an affirmative recommendation for appointment to the Fire Chief by the training vendor. The Fire Chief shall retain discretion as to final approval. Applicants not selected will be given written notice with an explanation. Regular, full-time permanent personnel may sign up to be a City-Sponsored Student for ALS paramedic training on a voluntary basis. The selection criteria shall include the following elements:
 - 1. Successful completion of a written and oral examination process (to be given the training vendor),
 - 2. employee's commitment to the program, and
 - 3. approval of the Fire Chief.
- B. The City shall pay all application, registration, tuition, books and certification fees related to training and associated with the ALS paramedic training and certification process. The City

shall also pay all application, registration, tuition, books, and certification fees associated with the initial certification and licensing requirements related to ALS paramedic certification by the proposed Countywide JPA for "City-Sponsored" employees.

C. City-Sponsored Student paramedics agree that the following repayment schedule shall apply to any city-sponsored personnel who voluntarily leave the City of Brisbane Fire Department employment prior to completion of three (3) years of service as a paramedic to the City of Brisbane. Employees must sign an agreement agreeing to this condition.

D. The repayment schedule includes:

1. Personnel who elect to discontinue the pursuit of paramedic certification during the paramedic training period will be required to repay the City 100% of incurred tuition costs. This is to be distinguished from academically failing the program. Any employee who fails vs. quitting will not be required to repay the City.
2. Personnel who leave during their first or second year of active service after initial paramedic certification will be required to reimburse the City for 40% of the initial tuition costs.
3. Personnel who leave during the third year of active service after initial paramedic certification will be required to reimburse the City for 25% of the initial tuition costs.
4. Active service shall be defined as the starting date the employee begins providing service as a paramedic in the City of Brisbane ALS program.

E. Employees who were City-Sponsored Students who completed three (3) years of service in the Paramedic Program who completed three (3) years of service in the Paramedic Program have met this tuition obligation requirement and shall not have any further reimbursement requirements.

F. Personnel who are promoted to a higher classification within the Brisbane Fire Department shall not be required to reimburse the City for costs incurred as described above. However, promotion to a higher classification does not relieve the employee from his/her obligation as a paramedic, except as provided for in Section II of this agreement.

G. City-Sponsored Students/Paramedics who are terminated from the Paramedic Program due to an industrial disability shall not be required to reimburse the City for costs incurred as described above.

H. Extenuating circumstances beyond those cited above shall be evaluated on a case-by-case basis with the final determination to be made by the Fire Chief.

VIII. Shift Changes

A. It is anticipated that temporary shift changes may be necessary to facilitate training city-sponsored paramedic students without negatively impacting the Fire Department's ability to provide an acceptable level of fire protection. This may affect those employees involved in paramedic training as well as those employees not involved with paramedic training. The Fire Department will have sole responsibility and discretion of establishing shift assignments. The

Fire Department will make reasonable efforts to minimize the frequency and amount of shift changes to reduce program impact.

- B. To distribute paramedic after completion of the training program some of the previous “temporary” shift assignments may become permanent. Additional changes may be needed to ensure proper paramedic distribution between the three (3) shifts.

IX. Workload Modifications

The ALS-Paramedic Program and paramedic training is a high priority for the Brisbane Fire Department. Therefore, the department shall make reasonable efforts to maintain an equitable workload for paramedic students and allow for study and preparation time necessary to meet paramedic training requirements.

X. Vacations, Trades, Other Leave, Overtime

- A. Shall be as specified in the MOU and Sop’s, Article IV, Division I, Section through 4.1-14.
- B. Personnel assigned to paramedic duty may make trades as specified in the MOU; however, no trade shall be approved or granted unless a qualified paramedic is on duty. Trades shall not be granted when the operational needs of the department are compromised.
- C. In most cases of overtime, there should not be a change in the way the overtime rotation is presently administered. A potential exception would be to meet staffing requirements of a certified paramedic. In those cases, the Fire Department will make the overtime available following procedures for overtime specified in the MOU, Section 8 and department procedures. However, the requirements of the City’s paramedic program must be met and may require making the overtime available to an eligible paramedic certified employee.

XI. Specific Terms and Conditions

This Agreement shall remain in effect for the duration of the City’s involvement with the proposed Countywide JPA or until changes, revisions, additions are made through the meet and confer process.

It is understood and agreed that during the term of the Agreement, should there be any changes in San Mateo County regarding the proposed Countywide JPA that concern the delivery of paramedic services and that materially impact the City’s ALS-program, the parties agree to address such impacts in the manner required under California Government Code Section 3505. It is understood and agreed that should any provision of this Agreement be determined to be inconsistent or incompatible with any requirements under State and Federal law, the parties agree to immediately address the affected provision in the manner required under Government Code Section 3505.

APPENDIX B - MODIFIED WORK (LIGHT DUTY)

CITY OF BRISBANE - MODIFIED WORK (LIGHT DUTY)

Assignments for Injured Employees

Policy: It is the goal of the City of Brisbane to provide a safe working environment for all employees and to maintain an effective and efficient program for the provision of workers' compensation benefits. To assist in such efforts, the utilization of light duty assignments will be encouraged wherever practicable.

Purpose: To provide for the return to work of both industrially and non-industrially injured and/or ill employees in a capacity consistent with a disability temporarily precluding the affected employee from the performance of the employee's full and normal duties but not limiting the employee totally such that productive assignments can be performed by the employee without fear of aggravating the injury. Modified duty including modified work schedules may also be considered for employees on pregnancy disability.

Procedure:

- I. An employee must have incurred an injury or illness which incapacitates him or her from performing the full duties of his/her job as set forth in the job description. Such disability must be confirmed in writing by a physician licensed to practice medicine in the State of California.
- II. Treating physicians shall be supplied with the following:
 - a. City's Modified Work (Light Duty) policy,
 - b. Physician's Evaluation and Release forms,

The physician's statement must contain the specifics of the employee's limitations in performing work and how long it is anticipated these limitations are expected to continue. A note from the physician affirming or updating the employee's modified duty status is required every 30 days.
- IV. The City may require a second physical examination to verify the information in the physician's statement, at City expense.
- V. The department head, in consultation with the Director of Human Resources will determine whether there is suitable work available within the department with due regard to needs of the City and the medical condition of the employee, and subject to the rights of the employee under the law.
- VI. If a suitable assignment meeting all the restrictions imposed by the treating physician has been found for the injured employee, the employee will be released to light duty in that capacity.
- VII. If more than one assignment is available to the employee, the department head, in consultation with the employee, shall determine which assignment shall be worked.
- VIII. When performing light duty work assignments (or modified work schedules for pregnancy disabilities) in accordance with this procedure, employees shall receive full compensation for their regular classification of employment.

- IX. Such temporary light duty assignments may continue until such time as the first of the following events has occurred:
- a. The employee is given a full and complete release to resume normal work activities by the employee's treating physician and said release is approved by the Director of Human Resources or his or her designee;
 - b. The employee's condition is declared permanent and stationary, and the employee is unable to perform the duties of his/her regular permanent position;
 - c. The employee's work restrictions have not changed significantly for the better (i.e. they are less restrictive) and the employee can perform a wider range of tasks, qualifying the employee for a more challenging assignment within 6 months from the date of the employee's illness or injury;
 - d. More than 52 weeks have elapsed subsequent to the date of the employee's illness or injury.
- X. An employee will only be assigned to work light duty on those days of the week when he/she would have been regularly scheduled to work full duty, unless the employee and the department work out some other mutually acceptable arrangement.

Light Duty Work During Pregnancy

A pregnant employee may work light duty if attending physician determines light duty to be appropriate. If the attending physician recommends light duty the employee shall obtain a list of work restrictions from physician. It is the employee's responsibility to insure that the work restrictions are obtained from the physician and returned promptly to the Director of Human Resources

The employee may work an alternate light duty schedule (i.e. a 40-hour week at 8-hours per day or 10-hours per day). In the event an employee opts to work an alternate light duty schedule of no less than 40 hours per week, such employee shall not incur a reduction in salary.

Employee will not lose seniority or permanent station assignments due to light duty assignment.

During light duty, the employee may take earned leave time for any doctor's appointments, or may flex their work hours to accommodate doctor appointments and Department needs, to mutual agreement by the employee and the Fire Chief. Flexing work hours shall not result in overtime.

Employees eligible to take a promotional exam will be allowed to participate in the examination, provided the employee's physician certifies in writing that the employee is physically capable of participating in the exam process. The Department will not be responsible for conducting any additional exams in order to accommodate employees who are unable to participate in the process.

An employee on light duty will be permitted to attend training, provided that the requirements of such training are within the employee's work restrictions.

Employee shall return to full duty upon receipt of a physician's statement certifying that the employee is medically qualified to resume regular duties and responsibilities.
