Randy Breault

2020 Tide Tables  
available in the marina office

## Red at Night ~ Sailor's Delight!

Wind, wind and....MORE wind!!

It's that time of year when the wind is constant. If you sit on your boat, or watch from ashore, you can see all the sailboats heading out of the harbor looking for that good puff of air to move them along. You might even be able to hear the rigging humming, sails ruffling and the gentle lapping of the waves along the bow! If you're not a sailor, and love powerboats or fishing, the mornings have been calm and I hear the bite from the halibut has been great lately. So either way you float, there's some good boating to be had!!

If you're not out boating, which is an acceptable social distancing activity with the members of your own household, please take a moment to read the updated Health Orders that came out from the San Mateo County Health Officer, effective on May 28, 2020, at the below link:

**SAN MATEO  
COUNTY HEALTH**  
All together better.

[https://www.smchealth.org/sites/main/files/file-attachments/ho\\_order\\_c19-5e\\_shelter\\_in\\_place\\_20200528\\_0.pdf?1590774350](https://www.smchealth.org/sites/main/files/file-attachments/ho_order_c19-5e_shelter_in_place_20200528_0.pdf?1590774350)

The amended health orders does allow for some additional businesses to reopen, with social distancing and other safety protocols in place. By adhering to these protocols, we are helping to continue slow the spread of COVID-19, and will hopefully get back to some form of normalcy, sooner vs. later. Patience will continue to be a virtue with this pandemic.

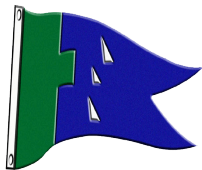

Changing lines to marina tidbits:

- ◆ Please help us in keeping our marina and bay waters clean by making sure you separate your garbage from the recyclables, and putting them in the proper containers at the head of each dock. **Do not** leave any garbage, bags, cardboard, or other items outside the receptacles; it will blow into the marina & bay waters.
- ◆ Cardboard is bulky and does not belong in the garbage or recyclable containers at the docks. There is cardboard recycling dumpsters at the head of Dock 1 and in the mid-level parking lot of dock 4; please take a moment to break down the boxes/cardboard before disposing in either of the two above mentioned locations.
- ◆ Reminder: Painting of the dock handrails, gates and gate houses is coming to a close. Please utilize the provided bicycle racks along the promenade of the marina, and do not lock anything to the handrails or light poles.
- ◆ Illegal dumping of boat items, household belongings, oil, appliances, etc. is strictly prohibited. Please ask our office, or maintenance crew, for appropriate methods, or facilities, to properly dispose of your unwanted items. By doing so, you're helping us keep our marina and facilities clean and looking its best for yours and everyone's enjoyment.

Until we meet again, please stay healthy, safe, and Happy Boating!

Andrew Rehberg  
Harbormaster
