available in the marina office

## *April Showers Bring May Flowers!*

Okay, who was the wise guy who threw out the anchor and brought everything to a screeching halt?!?!

I know all of you are aware of the COVID-19 Pandemic we're all facing at this time, and the strains it's putting on all different types of businesses and other resources within our community. We ask for your full cooperation regarding the San Mateo County Health Officer's orders, and patience while we too, wade through these unprecedented times.

As many of you have already seen, read or stopped by our office, we are "open", but doors are closed to the public at this time. We are also running compressed office hours of 9am to 3pm daily. We will still be processing slip agreements & payments by email and phone, and other essential services around the marina during this time. It may take a little longer for other than safety-related maintenance items to be addressed, as we are running a reduced staff outdoors and within the office. Again, we ask for your patience and cooperation while we are all trying to get through this.

### Switching gears to some Marina tidbits:

- ◆ During this time of Shelter in Place, when other fellow boaters are possibly unable to make it down to their boats, please keep a watchful eye on the boats you pass as you walk to and from yours. The marina is still doing our weekly dock walks, however it never hurts to have extra sets of eyes to keep things floating smoothly.
- ◆ As non-essential items have been postponed during this pandemic, our painting project has also come to a standstill. That said, the temporary reach-around protection on gates 2 through 5 will remain in place, and we continue to ask that you make sure the gate gets closed behind you when coming and going from the marina.
- ◆ Help us celebrate Earth Day on April 22 by going **green!** Going forward, we will be transitioning to e-billing unless you let us know otherwise, and please notify the office at [harbormaster@brisbaneca.org](mailto:harbormaster@brisbaneca.org) if your email address has changed. Thank you in advance for helping Planet Earth to a cleaner and greener path!

Until next month, we hope you all stay healthy, have a Happy Easter, and we will look forward to seeing you once again, after all this blows over.

Andrew Rehberg  
Harbormaster

*Awww...a pleasant day on the Bay!*
