## SPYC Regatta Day—September 23

**YES**, you read it right, Sierra Point Yacht Club is hosting their Second Annual Regatta Day event on Saturday September 23, starting at 12-noon until 5pm. There will be food, music, games and dinghy racing! Check SPYC's website for more information at: [www.SierraPointYC.org](http://www.SierraPointYC.org) or their flyer on page 3 of this newsletter. Don't miss out, it's bound to have something fun and enjoyable for everyone.

In addition to the Regatta Day, on the morning of Saturday September 23, there is also the Coastal Clean-Up Day being held here at Sierra Point. Volunteers will be helping reclaim Sierra Point from any garbage and other debris left behind in the bushes, around the parking lots and along the Bay Trail. If you would like to volunteer to help keep our Marina and surrounding areas looking the best they can, please visit the following website for more information on how you can sign-up to help: [www.brisbaneca.org/community/page/coastal-clean-up-day-2023](http://www.brisbaneca.org/community/page/coastal-clean-up-day-2023) or visit page 4 of this newsletter for the flyer.

Heaving over to marina items:

- ◆ Up to date contact information is important to our office. In the case of an emergency, a valid phone number and/or email address is needed. Please make sure, if you have changed any of this information since you have arrived with your boat to the marina, please provide us an update.
- ◆ DMV registration or USCG Documentation must be kept current at all times while your vessel remains in the harbor. If you review your monthly statements, there will be a reminder for you to submit updated documents when your expiration date is nearing, or past, in our system.
- ◆ Insurance is to remain in effect at all times while your vessel is in our marina. The policy needs to be a minimum of \$300k Property Liability coverage, reflecting Brisbane Marina as an Additional Insured/Additional Interest.
- ◆ Water pressure at the marina normally ranges around 120psi in order to provide potable water, along with volume for fire hoses in case of emergency. Please do not leave your hose attached to your boat and turned on if you are not going to be aboard. Hoses and general plumbing in boats are roughly rated to 45-60psi max. A pressure regulator valve is recommended if you plan to use the marina water regularly.
- ◆ Bilge pumps aren't a glorious item, but when they are needed, they should be available, working and set on automatic. The water intake issue, as potentially mentioned above, never usually happens when you're aboard, but more times than not after dark and no-one is around. Please ensure your bilge pumps are operational and well suited for your vessel size.

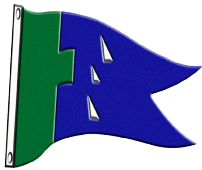

Lastly, it's been a while since I have requested pictures of your outdoor and boating adventures. If you have one or two pictures you would like to share, please email them to: [harbormaster@brisbaneca.org](mailto:harbormaster@brisbaneca.org) to be featured in an upcoming newsletter.

Until next time, Happy Boating ~ Harbormaster Rehberg

**Martin Tali, Commodore**

~ SPYC ~

Greetings Marina Neighbors!

Sierra Point Yacht Club will be open for Sunday for breakfast on September 24th, 9-11AM. Come and enjoy the best breakfast in town! Members pay \$10 and non-members \$15. No registration is necessary.

Our racing season is over for this year, and all racers are invited to the racing awards dinner which will be on September 9th.

We are hosting US Coastguard Auxiliary California Boater Card course on September 10th. Please check the calendar at our website to register for these events.

For other events, information about the club and how to join us, please visit our website at: <https://www.sierrapointyc.org>

Fair Winds,  
Martin Tali - Commodore

The background of the poster is a photograph of a marina. In the foreground, there is a body of water reflecting the sky and the buildings. In the middle ground, there are several white tents set up on a paved area, with people walking around. In the background, there is a large white building with a blue roof, likely the yacht club, and some trees. The sky is clear and blue.

## SWAP MEET

To place an ad, please submit the following:

- ◆ Provide a brief description (no more than 30 words), an image of the item, and a valid email and/or phone number. All listings must be submitted to Harbormaster's office by the 20th of each month, and will be posted in the following month's newsletter.

Injectadeck structural foam- can be used for soft spots on deck. I have multiple cartridges, unused. I needed way less than I thought. If you need to borrow the application gun that's no problem.

Message if interested, open to offers. Or call (628) 261-4451
