Subject: CONTINUANCE REQUEST: Re: Planning Commission Meeting Thursday, October 28, 2021

Ken,

As discussed today we would like to request a continuance on the renewal of the interim use permit 2021-UP-3 for 600 Tunnel Ave. The staff suggestion to modify the project by paving the area with impermeable asphalt we believe is unnecessary from a dust control perspective as well as raising new environmental concerns caused by impervious surfaces we believe are unnecessary in the first place.

We would like to schedule a time with staff to meet at the site to review the site conditions. Please let me know a convenient time and we can plan on picking this up then.

Nonetheless, we will be on hand tonight to answer any questions or address the Commission if necessary.

Thank you,

Hi Eric and Sam,

Please see the attached reports, via links provided below, for the two applications for Planning Commission public hearing next Thursday, October 28th. You should both be in virtual attendance, as well as a Google representative who'd be able to answer questions that may arise.

Regards,

Ken
