Re: 25 Visitacion Street

Dear Planning Commissioners of Brisbane:

Good morning.

I am a long-time single female resident (moved here on 9 May 1989) and have owned several single-family properties in this City. I have witnessed many changes in town, and *some* are long overdue.

As a senior citizen *and* African American who has witnessed/endured some *traditional* Brisbane ways of doing things, I support the development of **25 Visitacion Street**.

Change, which is inevitable, is needed.
Please support this *new* inclusive project.

Johnetta
