

Public Arts Implementation Guidelines

City of Brisbane

Approved by Council 06.17.21

Purpose:

The City of Brisbane adopted a Public Arts Ordinance in 2014 in order to increase citizens' appreciation of art, to improve quality of life, and to enhance Brisbane's identity as a unique community within the greater Bay Area. Additionally, public art should stimulate creativity, imagination, induce creative conflict, and add a unique human quality to the community environment and enrich public spaces. A city rich in art becomes an outdoor cultural museum accessible to everyone.

Public art can and should be an integral part of the design and the planning process of all development.

Goals:

1. Community Involvement – A community develops a specific identity and character over time. Residents are uniquely qualified to provide insight into the types of public artwork that are best suited for the community depending on the size of the project. Those who reside in the community are encouraged to participate in the selection process of public art pieces by participating at public meetings.
2. Diversity of Art – The collection should be diverse in its representation of artists and artistic styles and be reflective of the ethnic and cultural diversity of the community.
3. Creation of Sense of Place – Art is important to our common experience because it brings focus, importance, and cohesion to public spaces. Public art develops images and provides experiences that reflect the historical and cultural essence of a community. Public art transforms public spaces by giving them a context and relevance and making them places of community interest and pride. Public art has the potential to improve the appearance of an entire business block; to heighten the ethnic, historical or cultural aspects of the community and to attract foot traffic to an area that formerly had little or none.
4. Artist Participation – By encouraging collaboration between artist, architects, and engineers we can provide an aesthetic dimension that expands possibilities for creating public spaces for the community.

The City Manager or designee will authorize all disbursements from the Public Art Fund. The account shall not be added to the City's General Fund.

The process for selecting the public piece to be installed will depend on whether or not the artwork is commissioned by the City of Brisbane or by a private person or entity.

All privately installed Public Art will be reviewed by a Public Art Advisory Committee. The Public Art Advisory Committee is responsible for reviewing and making decisions on conceptual design plans submitted by a developer of a project subject to the public art requirement.

Additionally, on an annual basis the Public Art Advisory Committee will meet to review the balance of funds in the Public Art Fund to determine if they should propose any projects be initiated and commissioned by the City.

The Public Art Advisory Committee shall ensure all public art projects meet the program criteria and guidelines for selection of an artist or artist team, artwork, and artwork location established in this procedure before submittal of the Final Design Plan to the City Council.

The following procedure will be used to review and approve public art projects:

Privately Installed Public Art

4. An appraisal or other evidence of the value of the proposed artwork, including acquisition and installation costs. If the value of a proposed artwork (by past records of comparable work sold, etc.) cannot be verified, City staff may choose to have the artist's proposal and or/other completed works appraised by a qualified art appraiser selected by the City. The developer will pay up front for any art appraisal service fees. This expense will be deducted from the total artwork allocation cost.
5. Preliminary plans must contain such detailed information as may be required by the Public Art Advisory Committee to adequately evaluate the location of the artwork in relation to the proposed development, including compatibility with the character of adjacent conforming developed parcels and existing neighborhood if necessary.
6. A preliminary budget must show the proposed public art project is consistent with the public art ordinance requirements.
7. Within 30 days of receiving a complete application the Advisory Committee will hold an open meeting to discuss the proposed project. The meeting will be noticed to all properties within 1,000 feet of the property and posted as required by law. With the agreement of the developer the meeting may take place more than 30 days from receiving the complete application.

The proposed artwork project will be reviewed using the following criteria as applied to the supporting documentation and past projects: Artistic quality (vision, originality, and craftsmanship); Context (architectural, historical, geographical, and socio-cultural context of the site); quality and permanency of materials; maintenance; safety; diversity of artists; representation in the existing collection of publically-accessible artworks; and diversity of artworks(media, scale, style, intention) in the existing collection of publicly accessible artworks.

8. The Public Art Advisory Committee will make a recommendation on the proposed artwork to the City Council.
9. The City Council will have the final approval for any public artwork project. If the Council does not approve the proposed project it can either refer the item back to the Advisory Committee for reconsideration.
10. All cost of maintaining a privately installed Public Art work will be the expense of the private entity unless the City accepts the Public Art piece as a donation.
